An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Burden statement: The respondent burden for this collection is estimated to average 1 hour per response. This estimate includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; and transmit or otherwise disclose the information. The numbers contained in this justification differ from those in the 60-day notice because of a revised estimate of the number of respondents.

Estimated number of responses: 214

Estimated total annual burden on respondents: 548 hours

Frequency of collection: annually
